

## **NCD Task Force**

Times of transitions are times of opportunity. As Tom Mouw anticipates transitioning from his leadership role as District Superintendent, the NCD Board affirms the value of having a team to review where we've been, where we are, and where we desire to go. To that end, they have formed a Task Force to both review and provide a recommendation for this transition with an eye to long-term possibilities. A hope of the team will be to contact each of our 150 churches in a meaningful way and, after listening well, to discern possible paths ahead for our district. Please feel free to contact any of the Task Force team members listed below:
